COUNTY INSTITUTE

The Rockcastle County Institute will hold its annual session in Mt. Vernon at the Graded School Chapel next week, beginning Monday July 12th, at 9:00 o'clock.

All teachers who expect their certificates to remain in force, (whether teaching or not) must attend the full session. Those who expect to take the September examination and receive a certificate will have to attend this institute.

You are going to help us make it a REAL INSTITUTE. Let's talk institute, let's think institute, and let's pray institute from this day till it closes next Friday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

PROCLAMATION BY GOVERNOR JAMES B. McCREARY ON "ERADICATION OF ILLITERACY FROM KENTUCKY"

To the People of Kentucky:

Kentucky stands first among the States in the United States which have undertaken the complete eradication of illiteracy, and her example has given such encouragement to her sister States that some of them are following her action, and the efforts already put forth to this end have not only brought improvement to many who were illiterate, but have strengthened both the hope and desire of acquiring knowledge in others.

The Kentucky Illiteracy Commission, empowered by the Legislature to direct and carry on this work promises to give to this movement, which began in Rowan

county in 1911, a wider extension than it has yet known, reaching the utmost parts of the State; and this Commission in its efforts to promote this cause, has enlisted one hundred and twenty of Kentucky's best and most influential men and women to go forth and advocate that education be free to all.

These speakers will soon commence their noble efforts, and as they go forth to perform their holy mission, I request each and every citizen of Kentucky to lend assistance in this cause, and I call upon the people of each and every county to assemble upon the day when their speakers make their advent into their midst, and to greet them in such numbers and with such enthusiasm as their intellect, courage and faithful service merit.

I recommend for each community, a holiday for all schools, business houses, farms, factories and mines, on the day when the speakers of the Kentucky Illiteracy Commission address the people; and I urge that this be followed by a conference in every community for the purpose of blotting out illiteracy from communities where the evil exists.

I also call upon all teachers to volunteer to teach all who need or desire to learn, and upon all unlettered men and women to seek or accept instruction, and upon all public officials and private citizens and their earnest students and upon each individual and every organization in this Commonwealth to rally to the support of the Kentucky Illiteracy Commission in its exalted task of relieving adults of illiteracy and improving the standard and reputation of the State.

I have confidence that the people of Kentucky will not hesitate or falter, but will continue to strive to remove this one dark stain from the State; and I believe God will guide, uphold and bless the people, without regard to creed and condition, who lend their immediate assistance toward the accomplishment of the stupendous task so earnestly undertaken—that of eradicating illiteracy speedily from the State.

In testimony whereof, I have caused these letters to be made patent and the seal of the Commonwealth to be hereunto affixed. Done at Frankfort, the third day of July, in the year of our Lord one thousand nine hundred and fifteen, and in the one hundred and twenty-fourth year of the Commonwealth.

JAS. B. McCREARY
Governor.

DIXIE-BOONE

A meeting of the East Ky-Tenn Dixie Highway Association was held at Barbourville on July 2nd, and at London on July 3rd. Both meetings were largely attended by delegates and citizens from Bell, Whitley, Knox, Laurel and Rockcastle. The purpose of these meetings was for getting the various counties to gether in agreeing upon and arranging routes and pushing the construction of the highway at the earliest possible moment. Knox county, at this meeting, thru its Fiscal Court agreed upon routing various lines one of the most important being that from Barbourville to Corbin, over which the Dixie-Boone highway will come from Cumberland Gap to Mt. Vernon. (The East Dixie Highway uses the roadbed of Boone Way between these points). For the benefit of one of our Laurel county citizens, who voted against bond issues and has been worried over the subject, we will advise him that one road bed will cover his inquiry and it will be unnecessary to have a subway, a surface line and an elevated line to accommodate the county pikes, the Boone Way and East Dixie Highway all will work in unison. Laurel county is pushing things as fast as can be done under the circumstances and will have things in shape to meet Rockcastle as quickly as this county will be ready to meet them. Both counties are working as fast as possible.

Something For You To Think About

You Who Go To Louisville To
Buy and Deal With Mail Or-
der Houses.

Who sympathized with you
when your little girl was sick?
Was it The Stewart Dry Goods
Co? Who carried you last winter
when you were out of a job and
had no money? Was it John C.
Lewis Co., or was it your home
merchant? When you want to
raise money for the church or
some needy person in town do
you write to Sears, Roebuck &
Co., in Chicago, or do you go to
your home merchants? How
much do Cincinnati merchants pay
towards keeping up your side
walk or paying the ministers sal-
ary? When you were sick how
many nights did Crutcher &
Starks sit up with you? In time
of sorrow who drops the tear of
sympathy and gives you the
cheering word? Is it the home
merchant or Marshall Field & Co.,
or any other out of town concern?
Think of these things and in fu-
ture patronize home merchants.

TO THE DEMOCRATIC VOTERS OF KENTUCKY

Advertisement

JAMES P. EDWARDS.

In submitting my candidacy for the
Democratic nomination for the office of
Circuit Judge of Rockcastle County, to be
held in the primary to be held on
August 7, 1915, I ask the support and in-
fluence of Democratic voters of our party.
I believe the principles enunciated in
the Democratic national platform of 1912 and
in the Kentucky Democratic platform of
1911 to be the supreme law of the party,
as expressions of the will of the majority
until changed by the party in convention
assembled.

I believe that the only just government
derives its policy from the consent of the
governed. That public officials are ser-
vants, not masters, of the people. I be-
lieve in the greatest of individual
liberty that is consistent with the welfare
of society. I heartily indorse the revision
of the tariff downwards—in fact, all the
acts of the National Administration and
especially the course of that greatest of
living Democrats—the Hon. Woodrow
Wilson—in dealing with the European
situation and in his efforts to insure
our national peace at all costs save at
the expense of our national honor, and
believe it the duty of every good citizen
to uphold his hands in the present crisis,
regardless of party affiliations.

I heartily commend the present admin-
istration in Kentucky for its efforts to
redeem and in redeeming the pledges
made to the people in the Democratic
platform of 1911, the enactment of a
direct primary law to insure fair elections
in Kentucky and that any man might
submit his claims for office to the voters.
I am in favor of the extension and bet-
terment of the schools of Kentucky so
that the children of people in all walks
of life may receive that degree of educa-
tion that will put them on an equal foot-
ing with the children and youth of that
State now affording the best educational
advantages in the United States. I am
in favor of the women of Kentucky, to
whose hearts this subject is especially
dear, voting in all school elections.
I favor laws to destroy all corrupt lob-
bying in Kentucky.

I favor removing the prisons of Ken-
tucky from political and for humane laws
governing prisoners, looking to their re-
form, and in accordance with the advance
thought of the day on this subject, I am
in favor of an economic administration
of the government, the abolition of use-
less offices and that summe degree of care
in the expenditure of the people's money
as is exercised in private life; for the pro-
tection of the State debt and believe
that a State, like an individual, should
live within its income.

I favor the constitutional amendment
for a change in the method of taxation in
Kentucky to the end that all property
shall bear its just proportion of taxation,
and that capital may be invited to the
State to help develop our wonderful nat-
ural resources and be assured of a square
deal, that it may know from laws in ad-
vance just what it may expect and that
it will not have to get into political
entanglements, and also that it can not
be expected by political influence to
avoid its duty in the expenditure of
money necessary to operate the government.

I favor the enactment of laws permit-
ting co-operation among farmers and
among all classes of workers, and
to prevent the encroachment of mo-
nopoly on their rights.
I am in full accord with the spirit of
road building and improvement that is

abroad in our State. Roads are the ar-
teries of commerce. Good roads bring
markets to producers, assist in disposing
of products, stimulate neighborhood inter-
course, invite travel and are of the great-
est aid in the development of our State.

I believe with Woodrow Wilson, and
as stated in the 1911 Kentucky Demo-
cratic platform, that "temporarily, and es-
sentially a moral, non-political and social
question, and should not be made a par-
tisan issue between political parties," and
I approve the passage of the county uni-
form law in compliance with the platform
pledge of 1911.

I am unalterably opposed to State-
wide prohibition as an unworkable and
unfair to an interest which, by the in-
vitation of our laws, has so much money
invested in this business in Kentucky
and which pays such a large proportion
of the taxes of our State. I am not in
favor of reducing our State to the pitia-
ble condition of bankruptcy that exists
in West Virginia, and Tennessee to-day
by driving this large source of revenue
from the State. I do not believe that any
general demand or sentiment exists in
Kentucky for State-wide prohibition, but
that this question has been forced on the
voters by a few politicians in direct de-
fiance of the mandates of the 1911 plat-
form, hoping thereby to ride to office and
control of the State. I am in favor
of local option governing the sale of
liquor, and I believe that the people of
Kentucky are dry and that the present
law is ample and those counties opposed
to the sale of liquor can stop it. There
are laws against the illegal sale of
liquor as there are laws against the sale
of violence, and I believe that each coun-
ty should punish and control its bootleg-
gers as it punishes its other criminals.

The enforcement of the law in any com-
munity keeps pace with public opinion.
I believe the people of Kentucky are tired
of the liquor question, and if elected, so
far as my power lies, they shall not
hear of it for four years.

I believe we have had too much bitter
politics too much personal prejudice
too many useless laws, too much factionalism
and too little real work for the upbuilding
of Kentucky. Not that I believe that
laws can supplant individual effort, or
business men by legislation, but I believe
that laws can not create wealth; it
must come through individual effort;
but in Kentucky, make it not
truly equal before the law, and assure
each man a fair chance that he may en-
joy the reward of industry, and let us
have equal and exact justice to all and
exclusive privileges to none.

I was a candidate for this nomination
in 1911, and defeated according to the
official count by a plurality of 1322 votes.
I hope to win this time, and hope that
the Democrats of Kentucky will receive
the support I received before. I have no
political stage. I have no axes to
grind, no scores to settle, and no
ward any man or set of men, and no
debts to pay except those of gratitude for
the support I received before. I was
born in Kentucky, my ancestry came
from the Cumberland Gap from Vir-
ginia in 1787 and settled in Nelson county.
We have lived upon Kentucky soil ever
since. Every generation and the of my
ancestors and myself is in Kentucky.
I love and honor my history. Every hop-
e for the future of my children is linked
to Kentucky and its future. I was edu-
cated in the common schools, was gradu-
ated at Jefferson College. I have prac-
ticed law in Jefferson county and for
a while in Caldwell county since my
marriage. I have served two terms in the
Kentucky Legislature. What I have
have to fill this office I leave for those
who know me to say. That I will do
full duty as I see without fear or favor
and with due regard to what I have here-
in said. I affirm.

I appeal to you for your vote and help
and influence. If you will favor me in
this nomination I shall use my utmost
endeavor to win, with your other nomi-
nees a successful fight in November.
Whatever shall be your decision, I shall
as I have always done in the past, sup-
port the polls and on the stump the
nominees of our party. I believe in ma-
jority rule and shall abide by it.

The Democratic Nation. Adminis-
tration is entitled to a vote of confidence,
Kentucky is, and of right ought to be,
a Democratic State. After we have se-
lected our nominees we will get together
and pile up an old-time Democratic ma-
jority in November.
Thanking you for your consideration
of this announcement and respectfully
soliciting your support, I am your obedi-
ent servant. JAS. P. EDWARDS.

LOCAL

Hon. H. V. McChesney, Democratic candidate for Governor will speak in the Court house in Mt. Vernon Thursday July 22 at 1 o'clock p. m. Come out and hear him.

The Mt. Vernon Fair Catalogues are ready for distribution. If you have not already received one, drop the Secretary, James Maret a postal, and one will be mailed you at once.

DIXIE HIGHWAY. Rockcastle has the honor of constructing the first finished piece of East Dixie Highway in the mountains by putting down one eighth of a mile in Mt. Vernon on the Dixie Boone route.

Mt. Vernon Fair, Aug. 4-5 and 6, promises to be the greatest exhibition yet given. Bigger entertainment in every line. The Catalogues are now out and ready for distribution notice particular the money the association is paying out for your pleasure. Harness and racing stock from all over the State are to be seen on our track each and every day.

You should come to the Mt. Vernon Fair Aug. 4-5 and 6 this year because everybody else is coming therefore you don't want to miss especially the last two days some of the greatest features that have ever been pulled off are booked for those two days. The W. I. Swain Show Co., promise to give to the public absolutely free a high diving fete which you will remember was one of the greatest fetes ever performed in this part of the State three years ago. Make your arrangements now for this year will be our banner year. One of the best bands in the U. S. will perform daily at the Fair grounds.

Lieutenant Governor Edward J. McDermott spoke here Tuesday. Because of conditions which the Lieut. Governor fully understood, the crowd which heard him was rather small, and had it not been for our republican friends, the crowd would have been exceedingly small. Although the McDermott followers are few in Rockcastle, yet those who heard him Tuesday were greatly pleased with the speech and it comes from a pretty direct source, that some few who were "sorter" on the fence before the speaking, are now hot McDermott supporters.

Mrs. Alice Davis, widow of the late W. A. B. Davis, announces in this issue as a candidate for Superintendent of schools to fill out the unexpired term of her husband. Of course Mrs. Davis will have no opposition and no one could win over her, should she have opposition, because the voters by a big majority, elected Mr. Davis to this office for a term of four years. At an unexpected hour the death angel came and waited his soul to that home on high. Custom of past years has set a precedence in such cases, where one who has been elected to office, dies before that term expires, that some member of the family be given the office, that those dependent may continue to receive the emoluments of the office. Such is the case now, and the universal desire is that Mrs. Davis fill out the term and this she will do. Prof. Irvin, who is acting as Supt. for the time being is giving good satisfaction and will continue to give all service needed to insure the best results for a good year's work in the schools.

We all meet Aug. 4, 5 and 6 for the Big Mt. Vernon Fair.

Send your kodak films to Fish's for first class developing and printing.

W. H. and James Bullock have bought the R. L. Bray store house at Wadd and will open a store there soon.

Home coming week for all Mt. Vernon and Rockcastle Co., people is the first week in Aug. 4-5 and 6. Also Fair week.

FOR SALE:—One 2 3/4 by 9 inch steel skaine, Cox wagon, second hand, will sell at a bargain, if sold at once. W. M. MULLINS, July 9-31. Mt. Vernon.

McChesney, the State Wide Prohibition candidate for Governor will address the voters in the court house in Mt. Vernon, Thursday July 22. Don't forget the date.

The London base ball team came down last Thursday and gave our boys a good walloping, but for some reason or other our sporting editor failed to report this game and hence our readers will be deprived the privilege of knowing just how the score did stand. We have gladly tendered the space for a full report of all games, but we did not mean to confine it only to those in which the home team are victorious. We want it all, good or bad, or none at all.

Some may think that on account of it being so near the Primary election day that there will be a lot of whiskey used and 'bootlegged' around the Mt. Vernon Fair Grounds, but if you will remember last year there were several "bootleggers" and drunks taken in by the officers of the law. County Judge Ballard and Sheriff Mullins promise their loyal support this year again and state that they will see that order is preserved and that all "bootleggers" are properly dealt with.

In a communication to our original good roads man at this place, Governor John M. Slaton of Georgia writes: "I received your kind letter of 22nd. inst., and greatly appreciate your expression of approval and the editorial clippings from the press which you enclosed. The country should appreciate the great work you have done for the Cumberland Mountain range and the State of Kentucky in putting Boone Way on the map and making East Dixie Highway possible. Our country should appreciate men who do such work as you have done."

BONDS SOLD:—Rockcastle county bonds for \$100,000 for roads sold last Friday to a Cleveland, Ohio, firm for \$100,000 par value. It is figured that the county will receive between \$101,000 and \$102,000 from sale of bonds, counting the interest which will accrue on the money before it will be spent for construction. The actual work of construction will start about August 1st and it is not possible to complete all the roads before the fall of 1916. At last Friday's meeting the Fiscal Court very wisely made an order appropriating \$25,000 to each road leading four ways out of Mt. Vernon, which guarantees the promise made the people before the election that there would be two roads across the county.

A Union City, Tenn., Milling concern has contracted for 14,000 bushels of wheat in Fulton Co., Kentucky at \$1 per bushel.

It seems that our good friend Al Adams and family have had their share of typhoid. Mr. Adams was down for six weeks or more in the early Spring and now Mrs. Adams has it.

John Robins, secretary of the Brodhead Fair Association, was in Stanford on last County court day and while there sold a number of shares of stock in this great enterprise. Mr. Robins is making special effort to sell the few remaining shares of fair stock to representative people in other neighborhoods.

Labor Leader Is Among Testifiers

Charles Peetz Tells How Tanlac Brought Him Ready Relief

Louisville, Ky.,.....Here is what Charles Peetz, prominent labor leader, of 101 West Market street, this city, has to say about Tanlac, the premier preparation, and the benefits he derived from the use of the medicine:

"I have been in a half sick condition for months. I was all run down, nervous, and had no appetite. My stomach was out of order and my digestion was bad. I often had headaches and was depressed in spirits.

"I find that Tanlac just exactly suits my case. After using the medicine about a week or ten days, my appetite and digestion are much better. I now sleep better and feel better in every way."

Tanlac, the premier preparation that proves such a boon to Mr. Peetz and hundreds of others in Louisville and Kentucky, is now being taken with the most beneficial results by many of our citizens right here in Rockcastle. It is an excellent spring tonic, blood purifier and tissue builder.

Tanlac can be obtained in Mt. Vernon at Chas. C. Davis' drug store and can also be obtained at The Central Drug Co's., store Livingston and John Robins' drug store, Brodhead, Ky.

Mrs. Sadie P. Clawson, Indiana Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by all Dealers.

BIBLE STORY

Written by Clyde Vernon Cox, 12 years old, son of Mr. and Mrs. Robt. Cox.

The hills are green above Bethlehem where the sheep feed, and David, Jesse's son was there tending the sheep, because Samuel the old Profit was come and they were having a great feast, and the youngest son was not wanted so he was sent out on the hills to tend the sheep.

Jesse had all his sons pass before Samuel and God had not chosen any of these and Samuel said is this all your children? No there remains yet the youngest and he is out on the hills tending the sheep and Samuel said send and fetch him for we will not sit down till he comes. And when he came Samuel anointed him.

And it came to pass that the Philistines were gathered together on one hill and the Israelites were on another and a giant named Goliath came out and challenged them for forty days, and Jesse sent David to see how his brothers were getting along in the war and when he went the giant came out again and challenged the Israelites, and David said who is the man that comes out every day, so he went to Saul and asked to let him go and fight Goliath, but Saul said you are only yet a youth and he is a giant.

David told him that while he was tending the sheep that a lion and a bear came and he killed them with his sling, then Saul put his armour on David who said he could not fight with all those things on, so he took them off and went to the brook and selected five small round stones and put them in a shepherd's bag and took his sling and went toward the giant and the giant said am I a dog that you come to me? And David said you come to me with a sword, a spear and a shield while I come to you in the name of the Lord. Then Goliath started toward David on the run and David gave the rock a sling and struck the giant on the forehead and killed him, then he took the giant's sword and cut his head off.

The Lord put a evil spirit in Saul as he sat in his house with a spear in his hand and Saul told Jonathan and all his servants to kill David, but Jonathan loved him and went and told David what his father had said and told him to go and hide in secret place and he would come out in the field with my father and commune with him and tell thee what he saith, so Jonathan told his father the King to not sin against his servant David, because he had not sinned against him and Saul said as sure as the Lord liveth David shall not be killed, and Jonathan told David what Saul had said.

When Saul heard that David could play good on the harp he sent for him and when David came Saul tried to kill him, but his spear sank in the wall and David got away and went to Saul's house and his wife Michal helped him escape, and he went away into the mountains.

And Michal made an image of wood and a pillow of goats hair at its head and when Saul sent messengers to take David, Michal said David was sick and Saul said bring him to me in the bed so that I can kill him and it was the image of wood.

The Philistines were at war again and Saul and Jonathan were in it and the Philistines were victorious and Saul fell on his sword and almost killed himself, then a robber came along and finished killing him and took his crown and bracelets to David and David had him put to death. And it came to pass that David inquired of God if he should go up to the cities of Judah, and God said go up and David said whither, and said unto Hebron and David went up and the Elders anointed him king over Judah, and the Elders of Israel anointed him King over Israel.

ONE-TERM PLANK WORDING

MAY PERMIT WILSON TO DODGE IT IN THE NEXT CAMPAIGN

Washington, July 6.—Reports that former Secretary of State William Jennings Bryan would demand that respect be given to the one-term pledge of the Baltimore convention have been based it is said on statement which Mr. Bryan is reputed to have made to friends. It is recalled that during the last campaign he laid stress in many speeches on the one term plank.

Whatever Bryan decides to do it is sure that in certain Democratic quarters, where peace is regarded as highly desirable from a party standpoint, stress will be laid upon the actual language of that plank.

It reads: "We favor a single presidential term, and to that end we urge the adoption of an amendment to the constitution making the President of the United States ineligible for re-election and we pledge the candidate of this convention to this principle"

As commonly interpreted, the candidate of the convention was pledged to retirement after a single term in office; a strict reading of the plank, aside from interpretations given it during the 1912 campaign, may indicate that the pledge is to the principle of a constitutional amendment and if such an amendment is adopted Democratic Presidents are free to do as they please. It is this latter interpretation is permitted the President is free to do as he pleases.

The common opinion, as understood here, is that the President will have a walkover in the next Democratic convention, whether Mr. Bryan opposes him or not. The President has gained strength more rapidly than his former Secretary of State.

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give
